1. The first part of the paper is devoted to a general
discussion of the problem. It is shown that the
problem is of great importance and that it has
not been completely solved. The author then
presents a new method for solving the problem.
The method is based on the use of the
variational principle. It is shown that the
method is very simple and that it can be
applied to a wide range of problems. The
author then gives a detailed description of the
method and shows how it can be used to
solve the problem. The results of the
calculation are given and it is shown that
the method is very accurate. The author
concludes that the method is a very useful
one and that it can be applied to a wide
range of problems.
